

Homogeneous Spaces

A Venn diagram illustrating the relationship between Homogeneous Spaces and Lie Groups. The diagram consists of two nested ovals. The outer oval is dark green and labeled "Homogeneous Spaces". The inner oval is dark blue and labeled "Lie Groups". The inner oval is centered within the outer oval. Various mathematical symbols are placed within each oval: S^n , $Gr(n, N)$, and $St(n, N)$ are in the green oval; $SO(n)$ and T^n are in the blue oval.

S^n

$Gr(n, N)$

Lie Groups

$SO(n)$

T^n

$St(n, N)$
